The Roscommon County Road Commission in cooperation with Roscommon Township will be conducting a Capital Improvement road and or drainage reconstruction project this 2018 construction season, adjacent to your property located on the attached map, in Houghton Lake, MI. The roads highlighted in green are the roads that will experience full reconstruction, and the roads highlighted in pink will be seeing drainage system reconstruction during the 2018 construction season.

In order to better transition the area where the road right of way and your property meet the Roscommon County Road Commission would like to request a 5-foot Temporary Grading Easement adjacent to the existing road right-of-way across the property mentioned below. This would allow the Road Commission, where beneficial, to better transition the newly landscaped side slopes of the reconstructed roadway into your property. All areas disturbed will be restored. All permanent roadway features are planned to be constructed within the existing road right-of-way.

If you have any question regarding this Capital Improvement Project or the requested Temporary Grading Easement please contact Roger Saxton at the Roscommon County Road Commission by phone at (989)-366-0333 ext. 16, or by email at saxtonr@roscommoncrc.com. If approved please return the signed copy to the address below.

Temporary Grading Easement

For and in consideration of the Capital Improvement Road Project, the undersigned, owner of the below described property, hereby grants the Roscommon County Road Commission a 5-foot-wide Temporary Grading Easement adjacent to the road right-of-way across the above described property, located in Roscommon Township, Roscommon County, Michigan.

Once the reconstruction is complete and the turf is reestablished, the temporary easement is terminated.
